Dear Parent/Guardian,

INSTRUMENTAL INSTRUCTION

South Ayrshire Music Service offers instrumental instruction in violin and viola in your child's school taught by Miss Macleod.

Instrumental instruction involves a weekly lesson from a specialist instrumental instructor. These lessons take place during the school day and pupils are provided with instruments. Some spaces have become available for new pupils to take up this opportunity. The instrumental instructor will use their professional judgement to assess your child's suitability along with a standard pitch and rhythm assessment. If successful, your child will be offered a six week trial period.

If you wish your child to take part in this assessment and to be considered for a place, I would be grateful if you could complete the tear off section below and return to the Head Teacher of the school by Wednesday the 31st of August.

Yours sincerely

Shonagh Stevenson

South Ayrshire Music Service

INSTRUMENTAL INSTRUCTION

I wish my child to take part in the assessment and to be considered for a place in the course of instrumental instruction in the school he/she attends.
