

Struthers Early Years Centre Session 2017-18 Bulletin 8

Learning

We will continue to explore road safety and traffic. The children have loved learning about emergency services but their interest is now dipping and so on Monday we will consult with the children about what they would like to learn about and explore next. Feel free to post any current interests on Edmodo over the weekend to help our consultation ☺

We will keep number as a core focus and will be encouraging lots of opportunities for children to 'touch count' items and understand that the last number they say is the amount they have counted.

You can encourage this at home through everyday tasks/activities such as helping to set the table, tidying away toys, blowing bubbles in the garden, counting signs/lampposts on a walk etc.
