

# Summer 2017 RRS Newsletter

**Fairtrade**

We have been working towards our Fair achiever Award .

**We have to date sold £2135 from our Fairtrade tuck shop.**

Some of our RRs committee produced a Fairtrade power point which we showed to the whole school pointing our facts and figures, conditions that people work in in certain countries.

We carried out a Fairtrade audit as requested and are delighted that everyone is familiar with Fairtrade and goods most said they would try to buy Fairtrade goods and all said they agree with Fairtrade and realise how important it is that people are fairly treated and fairly paid for their work and produce.

**Article 32** Governments must protect children from work that is dangerous or might harm their health or education.

**Article 36** Governments must protect children from all forms of bad treatment.

**Struthers were delighted that tea and coffee was sold by some of our local neighbours, including Mrs Nancy McAdam who comes in for prayer for schools, at our Sports Day to raise money for**

## **Help Flush away Poverty (Toilet Twinning and Tearfund)**

**Article 16** Every child has the right to privacy. The law should protect the child's private, family and home life.

**Article 24** Every child has the right to the best possible health. Governments must work to provide good quality health care, clean water, nutritious food and a clean environment so that children can stay healthy. Richer countries must help poorer countries achieve this.

## **Save the Children Den Day 2017.**

Every class took part in Den Day.

We watched the films and power points from Save the Children.

And talked about the difficulties people face when their homes are destroyed.

Next planned how we could make a den for our classes.

Pupils, staff and some parents then built our dens. We enjoyed our day and it showed us how hard it is to make a den that is watertight and wind proof.

**Article 3** The best interests of a child must be a top priority in all things that affect children.

**Article 6** Every child has the right to life.

**Article 24** Every child has the right to the best possible health. Governments must work to provide good quality health care, clean water, nutritious food and a clean environment so that children can stay healthy.

**Article 27** Every child has the right to a standard of living that is good enough to meet their physical, social and mental needs. Governments must help families who cannot afford to provide this.

**We raised £114.50.**

This helped us appreciate the challenges and conditions people sometimes face and live in.
