

# Primary 7.6 Curriculum Flyer 2021-2022

## Term 3

I hope you have had a very restful Christmas break and a happy new year. Term 3 is already proving to be very busy and exciting.

Pupils will continue to be encouraged to work hard and strive to meet their full potential in all areas of the curriculum. As always, expectations for behaviour and attitude are high in our class and pupils are regularly encouraged to act as role models for our younger pupils.

## P7 Transition

This term, I will be liaising with Marr College as our Primary 7 pupils will soon begin an exciting literacy transition project. This will be completed in class with lots of support and guidance to ensure pupils achieve their very best!

## Interdisciplinary Learning

Pupils have been enjoying the start of our annual Scots Language Fortnight. Throughout this fortnight our class will be encouraged to learn their Scots poem as part of our virtual poetry competition. They will also be exploring the history of Scotland's Witch trials.

Our P6s and P7s will also get to enjoy coming together for a socially distanced Burns Supper to celebrate Burns Night. Look out for pictures and videos on Twitter!

This term we will begin our extended History topic 'The Titanic'. This topic will focus on engineering and design skills along with societal class structures.

## PE

Our PE days are **Tuesday** and **Friday**.

Pupils are given access to the changing rooms beside the gym hall and PE kits can be stored in class.

Weather permitting, pupils will be able to access the outdoor space for PE.

This term pupils will be developing their control and movement skills through ball games.

**Miss Wyllie**

**Term 3**

## Literacy

This term, pupils will begin with reading the Mary Shelley classic 'Frankenstein'. Through this novel, pupils will develop their characterisation and inference skills. This term pupils will also develop their non-fiction skills through a range of non-fiction texts linked to our upcoming history topic 'The Titanic'.

Spelling words are set on a Monday and pupils are given opportunities to work on these everyday in class. Pupils are also strongly encouraged to practise their spelling words as often as possible at home in preparation for our Friday spelling challenge.

Mrs Brearley will continue to deliver focused writing lessons each week in which pupils will develop their skills across a range of genres.

## Opportunities for Personal Achievement

At Struthers we celebrate achievements and share them on Twitter. Please follow @StruthersSchool. This term pupils will get the opportunity to take part in:

- Target setting and celebrating success
- weekly Rights Time

Please let us know about your child's achievements outside of school by emailing the school office or sharing them via Seesaw.

## Numeracy & Maths

During Term 3 we will cover:

- Time
- Expressions and Equations
- Money

Pupils will also work on daily mental maths activities to ensure that all four operations are revisited regularly to improve speed and accuracy. On a Friday, pupils will be challenged during our weekly Big Maths Beat That Challenge.
